OCE

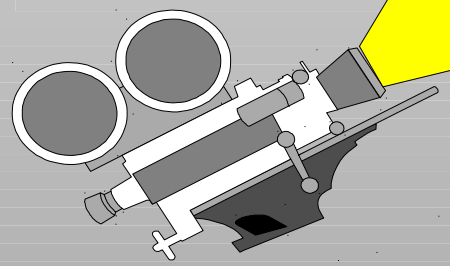
Mr. Claude Matsui

Program Coordinator, Readiness & Modernization Support / OACSIM LO#12 WG / Combat Readiness Support Team Leader

703-601-0390; claude.matsui@hqda.army.mil

202-761-5750; claude.i.matsui@usace.army.mil

Habitual Acronyms



Habitual Acronyms/Abbreviations

CRST

ACR – Armored Cavalry Regiment

ASL – Authorized Stockage List – additional supplies either in direct or general support intended to supplement a unit's PLL

ATO – Army Transformation Office – DA G3 office responsible for managing Army Transformation

BCT – Brigade Combat Team

BCTC – Battle Command Training Center

BDE – Brigade

BIC – Brigade Intelligence Company

BN – Battalion

BSB – Brigade Support Battalion

C2 – Command and Control

C4ISR – Command, Control, Communications, Computers, Intelligence, Surveillance, & Reconnaissance

CAB – Combined Arms Brigade; Combat Aviation Brigade

CLS – Contractor Logistics Support

CO – Company

CoC – Council of Colonels

COP – Common Operating Picture

CTIA – Common Training & Instrumentation Architecture

Habitual Acronyms/Abbreviations

CRST

DBL – Distribution Based Logistics

DOTMLPF – Doctrine, Organization, Training, Materiel, Leader & Education, Personnel, & Facilities

E-60 – E-Date minus 60 months or 60 months before equipment is to be fielded to a specific location

E-Date – Equip Date – projected date in which equipment will be fielded to a specific location

ET – Embedded Training

FCS FoS – Future Combat System Family of Systems – primary family of fighting platforms for the Objective Force

FOC – Full Operational Capability

FSB – Forward Support Battalion

FTI – Fixed Tactical Internet

FTTS – Future Tactical Truck System – Companion to the FCS to be fielded in the Objective Force

FTTS-MV – Future Tactical Truck System – Multipurpose Vehicle

FTTS-UV – Future Tactical Truck System – Utility Vehicle

FUE – First Unit Equipment

GIG – Global Information Grid

HHC – Headquarters, Headquarters Company

Habitual Acronyms/Abbreviations

CRST

HLS – Homeland Security

HSOC – Home Station Operations Center

I3A – Installation Information Infrastructure Architecture – the blueprint for full connectivity at an installation

I3MP – Installation Information Infrastructure Modernization Plan – the mission essential requirements at a specific installation to achieve a base level of connectivity

ICW – In Coordination With

ILO – In Lieu Of (a.k.a. authorized substitute or substitution)

ILS – Integrated Logistics Support

IMA – Installation Management Agency

INF – Infantry

IOC – Initial Operating Capability

IPT – Integrated Process Team

LFTIS – Live Fire Training Investment Strategy

LO – Line(s) of Operation

LRA – Line Replaceable Assembly – group of components packaged or designed to be replaced at organizational level maintenance

LRU – Line Replaceable Unit – component intended to be replaced at organizational level maintenance

Habitual Acronyms/Abbreviations

CRST

LW I & II – Land Warrior Increment I & Land Warrior Increment II – Objective Force soldier ensemble envisioned to include position location, navigation, situational awareness, and communications ultimately in a controlled environment suit with self-generating power

MS B/C – Milestone (decision) B (development/C (production)

MCX – Mandatory Center of Expertise

MCS – Maneuver Control System; Maneuver Combat System

MGS – Mobile Gun System

MPSOC – Mission Preparation and Sustainment Operations Complex (notional consolidated UA support concept)

MTOE – Modified Table of Organization and Equipment – A document that describes the manpower and equipment authorized adjustments for a given, deployable Army organization usually based on resource constraints of mission deviation from the primary organizational requirement

NLOS – Non-Line of Sight

OFTF – Objective Force Task Force

O&O – Organization & Operations

O&S – Operations & Sustainment

PBL – Performance Based Logistics

PEO – Program Executive Officer/Office – Senior manager responsible for all systems within a functional area

Habitual Acronyms/Abbreviations

CRST

PLL – Prescribed Load List – pre-determined supplies configured for a unit to deploy with

PM – Program, Project, or Product Manager

POM – Preparation for Onward Movement – final series of soldier personnel, health, and legal checks prior to departing homestation on an operation or exercise

pn – person(s), personnel

RAH – Reconnaissance & Attack Helicopter

RC – Reserve Component (Includes ARNG and USAR)

RDP – Range and Training Land Program Development Plan – Installation level plan qualtifying and qualifying live domain training facilities, their primary and alternative uses, life-cycle sustainment and modernization cost in all funding categories (e.g., MCA, MCNG, MCAR, O&M, OPA, and OAA)

RRC – Requirements Review Committee (4-Star board chaired by CSA)

RTLP – Range and Training Land Program – The umbrella program and process for evaluating and forecasting facility standardization, modernization, and sustainment across the live domain

S&T – Science and Technology – Generally emerging or advanced technologies under evaluation or development that may lead to actual applications or incorporation into various materiel systems or organizational capabilities

Habitual Acronyms/Abbreviations

CRST

SFA – Support Facility Annex – Technical report assessing potential impact on facilities or infrastructure by a materiel end-item or group of end-items; published ICW materiel PM or PEO for selected major and directed acquisition systems; feeder report to the Materiel Fielding Plan and DA PAM 5-25, The Army Modernization Information Memorandum; source data for various other reports

SoS – System of System – a group of interrelated systems or "package" of systems to be fielded together as a set

TCP – Transformation Campaign Plan

TOE – Table of Organization and Equipment – Primary document that describes the manpower and equipment authorized for a given, deployable Army organization

TPF – Total Package Fielding

UA – Unit of Action – units, Brigade and below, in the Objective Force

UAV – Unmanned Air Vehicle

UE – Unit of Employment – units, Division and above, in the Objective Force

UGV – Unmanned Ground Vehicle

USF – Unit Set Fielding – Transformation implementation process

USFMS – USF Modernization Schedule – Identifies the units to be transformed and projected fielding date for brigade-sized units

VI – Vertical Integrator
